## Community Impact Projects

**FLORENCE / SAN TAN VALLEY** – The United Way of Pinal County (UWPC) launched a new type of programming in 2016-17 designed to inspire measurable collaborative solutions to our community's most challenging issues. Community Impact Projects (CIPs) are targeted, multi-year investments focused on urgent needs in our community, with an emphasis on continuous quality improvement, scalability, and measurable outcomes. In 2016-17, three CIPs were launched in the areas of school supply drive, after school scholarship fund and water drives.

We need your help for the 2017 school supply drive to help local students in San Tan Valley go back to school prepared to succeed. **Donate supplies:** July 17 – August 11, **Deadline to donate:** August 10. [www.unitedwayofpc.org/schooldrive](http://www.unitedwayofpc.org/schooldrive)

We need your help for the 2017 after school scholarship fund to help local students in San Tan Valley afford after-school clubs and activities. Our goal is to raise \$5,000 to be distributed over the course of the year. [www.unitedwayofpc.org/scholarship](http://www.unitedwayofpc.org/scholarship)

The need for water and electrolytes is great in Pinal County due to the relentless, intense heat. We are hoping to enlist your support in donating cases of water or electrolyte-restoring powder to the City of Florence water drive.
